4. REPORT

This report is based on financial information as at **31 December 2023** and available at the time of preparation. All variances are calculated against the approved budget figures

Please note that certain Revenue by Source and Expenditure by Type categories are showing excessive negative and/or positive variances. This is due to fact that the YTD budgets were all systematically determined on a straight-line basis by dividing the total budget per category by 12. The capital projections were also done in the same fashion. Please note that variances within a 10% range are acceptable and need not necessarily be explained

The total revenue excluding capital grants amounted to **R328 391 million** which resulted in a satisfactory variance of **5%** when compared to the YTD Budget of **R311 625 million**.

Total Actual Operating expenditure as at 31 December 2023 is **R320 812 million**. The Total Operational Expenditure resulted in a satisfactory variance of **-1%**.

The reason for the variance is as a result of cost containment measures put in place. **Reasons for the variances are articulated in Section 5**

Certain Revenue by source and Expenditure by type categories are showing excessive negative and/or positive variances. This is due to fact that the YTD budgets were all systematically determined on a straight-line basis by dividing the total

budget per category by 12. The capital projections were also done in the same fashion. Please note that variances within a 10% range are acceptable and need not necessarily be explained

Exchange Revenue

- Service Charges - Electricity – Unfavorable variance of R35 056mil (-34%) due to bypassing and illegal connection, the municipality is also enforcing measure to reduce illegal connection and ensure that properties consuming electricity are billed. An audit will be conducted to determine the root cause of the losses.
- Service charges – Waste Management -Favorable variance of R0 760mil (11%) due to private requests from consumers to collect refuse for them also new development in town, the budget was understated.
- Interest earned from Receivable -Favorable Variance of R1 955million (63%) due to settlement of previous months accounts.
- Interest from Current and non-current Assets-Favorable Varlance of R1 404 million (55%). We invested more money than we anticipated.

- Depreciation and amortisation- Unfavourable variance of R3 384million (11%). Depreciation was projected on a straight-line basis.
- Interest –Favorable variance of R0 227mil (-47%) due to accurate and consistent creditors payments.
